

# Checklist: Applying an Indigenous-Led Fire Prescription

Confirm that you completed the following activities when applying your Indigenous-led fire prescription on a specific site:

- Identify state of readiness to apply Indigenous-led fire prescription on a specific site.
- Finalize your Indigenous-led fire prescription document.
- Build leadership and support in your group or community.
- Build partnerships for implementing the Indigenous-led fire prescription.
- Secure funding to implement the Indigenous-led fire prescription.
- Be ready for your “window of opportunity” to apply fire to a specific site or multiple sites. Think of seasonality and climate change’s growing impact.
- Ensure that effective Indigenous-led fire prescription implementation tools and resources are in place.
- Implement the Indigenous-led fire prescription on a site or multiple sites.
